Description			
<p>1. The 'upload document' button is not aligned on the right in iOS it should be in the center.</p> <p>2. The license badge is repeated twice in select documents.</p> <p>3. When we click on the image button view(pop down)has three icons each icon is named below as 'camera, gallery and document' in Android but not in ios.</p> <p>4. In iOS we are not able to upload documents through document.</p> <p>5. Once the document is uploaded, two icons will be displayed (edit and view).In iOS it is (edit and download).</p> <p>6. Once the document is uploaded we cannot edit and upload it with another document using the edit option in iOS as like Android.</p> <p>7. In the select document page "select document" (TEXT) below the image, it should be on the TOP.</p> <p>8. In expiry date calendar icon is not in ios.</p> <p>9. Date format in expiry date in both Android and iOS.</p> <p>10. Can't upload documents through the gallery in license badge and driving license (back).</p> <p>11. Once the document is submitted the successful pop-up is different in iOS from Android.</p> <p>Android: Driver documents have been successfully updated. please wait for admin approval.</p> <p>ios: Your document has been successfully uploaded.</p> <p>12. In no objection certificate not able to upload a document in any of the three ways.</p>
