OTP page:

1, once the otp is resend, timer is not running.

2, while clicking back from the otp page, the app crashes

ER: It should redirect to login page

AR: The rider application closes

3, UI-Need to add space between in and timer

Signup page:

In otp register page and normal signup register page, name field accepts the number & special characters

ER: It should allow only alphabets

AR: It accepts alphabets along with the numbers & special characters

LaunchActivity / Signin / Signup restructuring **failed in falcon**

Case 1: Once the number is entered and while click on the 'continue' button, can be able to click on the 'continue' button multiple times failed - **Passed**

Case 2:In OTP verification page can able to click verify button multiple times and also sometimes it will not redirect to the home page failed - **Passed**

failed:

Signin/Login Page:

1,It is not possible to click on the continue button. This issue occurs when a number is entered in the field and the continue button is clicked; it redirects to the OTP verification page. If we return to the login page from there and try clicking on the continue button again, it cannot be clicked.

failed

Note : while clicking on continue button there is no response,only when the app is killed and again reopened only can proceed with the login

2, If we mistakenly click on the 'Continue' button without entering the number and then try to enter the number again, unfortunately, the 'Continue' button is no longer clickable. **failed**

3,In 'Try other login method' when the password is typed 'Back' icon in the screen turns black **failed**

OTP Verification Page:

1,When clicking on Resend Otp, it is possible to click on the content and the same line close to the button. **failed**

Note:Should be able to click only on the 'Resend OTP' button

2,Once the OTP timer has expired, by entering the expired OTP will lead to navigation to the homescreen page.Instead, it should show validation error message. **failed**

3,When we click the 'Verify' button, a validation message should appear. In this case, the message displayed is 'Can't communicate with the server.Please check your internet connection or try again later' which is incorrect. **failed**

4,In OTp verification page Back arrow icon is missing **failed**

HomeScreen

1,There is a small delay to land on homescreen page from splash screen **failed**

2,While landing on the homescreen,sometimes the map shown is world map **failed**
