Milestone:	Backlog	Branch name:	sprint-20_anjali_3098
Description			
We had implemented separate icons for Go, Prime, and max vehicle types in 4-wheeler taxis. But for the newly registered cab drivers, as default, the autorickshaw icon appears. Please check this and do what is necessary. Please refer to the images attached.

Failed in stage

The cab which has 2 vehicle type (go rental, prime(ernakulam))

case 1 :Go rental icon is changed is not reflected in driver homepage, then prime icon is changed now the icon change is reflected in driver homepage.

case 2 :when the prime vehicle type is disabled ,still the icon displayed in driver's homepage is prime vehicle type icon(but actually it should display the go rental icon in driver's homepage)
