Target version:		Spent time:	0.00 hour
Milestone:	Backlog	Branch name:	

Description

Version 1.0.0(18)

Open the driver application

CASE-1

NOTE: The driver should initially be in online mode

Click on the heat map icon as ON (Heat map icon will be in yellow color)

*Observed, the driver can view areas with the most recurring trips marked in red dots. *

CASE-2

Set the driver to offline mode

*Observed, the driver can't view areas with the most recurring trips marked in red dots. *

Set the heat map on and make sure that the driver is in online mode

Actual Result:

*Even after switching the driver back to online mode, they cannot view areas with the most recurring trips marked in red dots. *

Expected Result:

The driver should be able to view those red dots on the active heat map even after switching back to online mode from offline mode.
