Milestone:	Sprint 27 Tukxi Ride 2025 Feb 03 to Feb 28	Branch name:	sprint-27_jeevan_4154
Description			
According to the functional requirements, the fare breakdown must be organized by their respective categories (e.g., base fare, taxes, surcharges, discounts, etc.). Each category should be displayed within a collapsible view to allow users to expand or collapse the details as needed. This will help improve the readability and user experience by minimizing information overload, especially when the fare structure includes multiple components. The collapsible sections should be clearly labeled with the category name, and the expanded view should display all relevant fare components under that category.

Create drop down for tax view while clicking - Done

There is a backEnd issue, that is the In Transit Waiting fee is not got in the response of displayFare Api while during login it is got in the response.

#9 - 05/01/2025 11:14 AM - Sruthika U

- Status changed from In Progress to On Hold

After the backend issue is fixed, unit testing has to be done and if any issues arise only that have to be fixed.
